O R D E R:

A point has been raised whether a wholesale license to deal in yarn may be granted to a Co-operative Society as a wholesale licensee will not distribute yarn directly to weavers under the present distribution scheme. The Registrar of Co-operative Societies and the Provincial Textile Commissioner are not favour of granting wholesale licences to Co-operative Organisations. The Government agree with the view and direct that no type of Co-operative organisation be granted any kind or licence to deal in yarn.

2. The Collector of Salem is requested to dispose of the resolution of the District Textiles Sub-committee accordingly.
